1) Analyze the forms and substance of Greek religion by answering the following questions. ☐ Use your literature work and any history reading to help you!

- What kind of religion did they practice? ☐
- What do the gods that the Greeks fabricated reveal about their values? ☐
- Compare and contrast the Christian view of the relationship between God and man with that of the Greeks. ☐
- Did the Greeks find hope or consolation in their religion? Describe. ☐
- How did festivals figure in the Greek's conception of religion? ☐
- How did the Greeks view omens? ☐
- Why were oracles consulted?

2) On the next 2 pages, there is a chart that will help you summarize the major landforms, climatic conditions, trade routes, topographical conditions, crops, and tribal regions of the Promised Land. Please fill out ONLY the section assigned to you below. We will be going over it in class, but our discussion won't go far if you haven't done this work. Note: Not every square of this chart will be filled; some wilderness areas had no cities, and some regions are not on trade routes.
