For Dialectic Literature we will read and discuss the literature titles listed below, to include the defining and discussion of literary elements and techniques. Weekly assignments will include reading the text, completing the Student Activity Page (SAP) provided, and keeping a reading "journal" that will include the defining of vocabulary words and quotes found within (vocab and quotes will not be due wk#1 and wk#7).

The following syllabus will be used as a guide to **Reading** and **Assignments Due** on the **Co-Op Date** listed. Student Activity Pages (SAP) will be provided to students each week in class (due the following TOG co-op date) and posted to the forum for parent access. These will consist of either exact pages from the TOG binder or slightly edited versions.

For a full booklist, to include authors, please refer to the Dialectic Class Description posted June 26, 2024.
