---

Turn this information into a 3-5 minute oral presentation for our class. Please include visual aids.

### **Ideas for Optional Additions to Oral Presentation**

#### ◆ Geography project

In addition to the oral presentation, please also research the geographical aspect of this person's ministry. Do a poster that features:

- \* a picture of your person
- \* maps of where they ministered
- \* religious beliefs and culture in that part of the world
- \* any cultural information about that part of the world during the 1800s

◆ Food from that part of the world is always a fun addition to a presentation
