

## TOG Room Assignment Information for Y3, 2017 - 18

Ladies,

Please find the following below.

- \* a **“visual” description of the rooms** at NSB. Note there are numerous changes.
- \* the **rooms assigned** for each of our coop classes.
- \* the **initial set up request** for Gary Minter at NSB. We can adjust the rooms as needed throughout the day. He will indicate how the rooms should be left at the end of the day, and that will be communicated at the first coop. If you have any input on the set up (which can be changed after the first coop), I will communicate that to NSB.

Note that we have more rooms with metal chairs - it may be a consideration to collect chair pads- it is one thing to sit on these for Sunday school, quite another for an entire day! Let me know what you think. Gary thought they could be stored at the church.

**The only modification to our first day due to the conference, is that NO students or teachers should be upstairs after 12:00.** Rhetoric students will have class in the Fellowship Hall in the afternoon. **Rhetorics** .... Please be sure to completely clear your belongings when you come to lunch. We will also all need to be sure to clear the lunch room at the proper time to allow for the Rhetoric classes to begin as scheduled.

Thanks! Michelle
