

Tapestry of Grace Year 2016-2017
Lower Grammar Art Class

The ultimate purpose of this class is to expose the younger grammar students to a variety of rich art experiences and build their vocabulary and understanding of very basic art concepts. Many of the art projects are based on the art of the time period we are studying in year 2 though they will not always match exactly with specific topics. We will be using a variety of different media including pencils, crayons pastels, watercolors, markers, tissue paper, and metal work.

I have a **tentative plan** for this class that is included below but I will be trying these projects to ensure that they are appropriate and doable for our youngest students. I am including a supply list which also may change if projects change.

Tentative Supply List:

Crayola Thin Line Marker set

Small Thick Paperback Book: All levels of students will be using these this year. Michelle and I will be collecting these to use in a still life project. If you have one to donate to the cause, please let us know.

A Vase: Each student will need a vase to complete our Rococo Vases project. Any old vase will do and if you have one to donate that would be great.

Ruler: Please have a nice, non-folding, non-flexible, ruler available. Closer to coop starting, I will provide you with a supply list for each coop. They do not need to bring the ruler every week. A clear/transparent one would make one project even easier!

Tentative TOG Y2 2016-17 Art Plan - Lower Grammar:

Coop #1 Byzantine Bell Part 1
Casting Coins (time permitting)

Coop #2 Byzantine Bell Part 2
Casting Coins (time permitting)

Coop #3 Lego Castle Painting Part 1

Coop #4 Lego Castle Painting Part 2
